Stainless Steel

KEY FEATURES

4 High-Performance Induction Zones
With four elements, this induction cooktop provides instant and immediate control from the highest to the gentlest heat, designed to handle all your cooking needs.

9 Power Levels with Power Boost
With 9 power levels and the Booster function, there is no need to shift your pots or pans around, you can boil water fast with the booster/fast boil function on each zone.

Cook with Confidence
The user-friendly control interface provides an intuitive guided cooking experience that helps deliver perfect results.

Stop & Go Function
The Stop and Go function allows temporary pausing of the cooking process, allowing the user to answer the door or the telephone without worrying that the water will boil over.

Sized to Suit
The generous 3.8 cu ft total capacity for this range gives you plenty of space to cook multiple dishes at the same time.

Convection Oven
Evenly bake foods like roasts and cookies with this helpful feature that uses a fan to circulate heated air.

Warming Drawer
Warming drawers are used to keep food warm until it is time to serve and are also useful for heating plates and mugs.

Easy-to-Clean Smooth Glass Cooktop
Easy to clean and stunning to look at this cooktop adds a touch of refinement to any kitchen.

Accessories
Deep Enamelled Roasting Pan with a dual height reversible Grill Rack Insert (1), Wire Oven Shelves (2), Full Extensions Telescopic Rails (1-pair).
