MWTK76

30” Stainless Steel Trim Kit (1 Piece)

Available Finishes/Colors

MWTK76
Stainless-Steel

OVERVIEW

Create a finished look for your microwaves that are placed within a cabinet opening. This easy-to-install trim kit features a smooth clean finish that instantly gives your kitchen a modern makeover.

FEATURES

- One piece stainless steel trim kit to fit a 30” (76cm) cabinet opening
- Provides an integrated look for added style in your kitchen
- Offers a stylish appearance with a stainless steel finish
- Compatible with Panasonic 1.6 cu.ft. Microwaves (models: Panasonic NNSD78LS, NNSD786S or equivalent)
- Works well in an appliance tower over a built-in oven, or under-counter

VOID CUT-OUT

1. Unscrew the 4 screws holding the 2 pieces of wood in place, and retain the screws.
2. Screw the 2 pieces of wood onto the base of the cabinet. The wooden strips should touch the inside of the front of the MWTK-76, and be positioned with the centre of the wooden strips (1817/64"= 46.4cm) apart.
3. Being careful not to scratch the microwave door, lift the microwave onto the wooden strips, and move it back about 2 inches.
4. Place the MWTK-76 into position. Use the 4 screws and screw them through the flanges into the side gables.
5. Pull the microwave forward, and align the front of the microwave with the front of the MWTK-76.
6. To stop the microwave from sliding backwards whilst opening, it is recommended to attach a piece of wood behind the feet of the microwave, on the wooden supports.
7. Air must be able to flow from the microwave upwards and into the room, or roof space. Failure to comply will void the manufacturer's warranty on the microwave oven.
