SOPS76BL
Stainless Steel

KEY FEATURES

Stainless Steel Design
With a sleek stainless steel finish, this Contemporary style oven is well-suited to a variety of kitchen designs. It’s distinctive and timeless, whether on its own or part of a matching appliance set.

True Fan Convection
Achieve faster and more even results with a convection fan and third heating element that circulates air to cook more efficiently.

LCD Display with Touch Controls
This premium wall oven’s stylish LCD control panel features dynamic touch-screen technology, which allows you to navigate effortlessly through settings like temperature, cooking functions, and cooking time.

Sized to Suit
Prepare multiple dishes including roasts, pastries, casseroles, and more with a large capacity of 4.3 cubic feet

Halogen Oven Lighting
See your souffle's rise without opening the door with halogen oven lighting.

Catalytic Clean
This oven features special catalytic liners inside the oven cavity, during the cleaning cycle, the oven is heated to a high degree which burns off and soften excess grease deposits. Simply wipe away any residue with a damp cloth.

Accessories Included
Full extension telescopic rails (1-pair), Reversible grill insert (1), Chrome oven racks (2).
Bottom Vent Grill (7427640 available option)

GENERAL PROPERTIES

Fuel Type	Electric, Multifunction Oven
Style	Single Wall Oven, 24" High
Colour	Stainless Steel
Handle	Stainless Steel Handle
Control Type	Touch Control
Display Type	Full LCD Display
Number of Rack Positions	5

Installation Details

PRODUCT DIMENSIONS - W / H /D (INCH/MM)

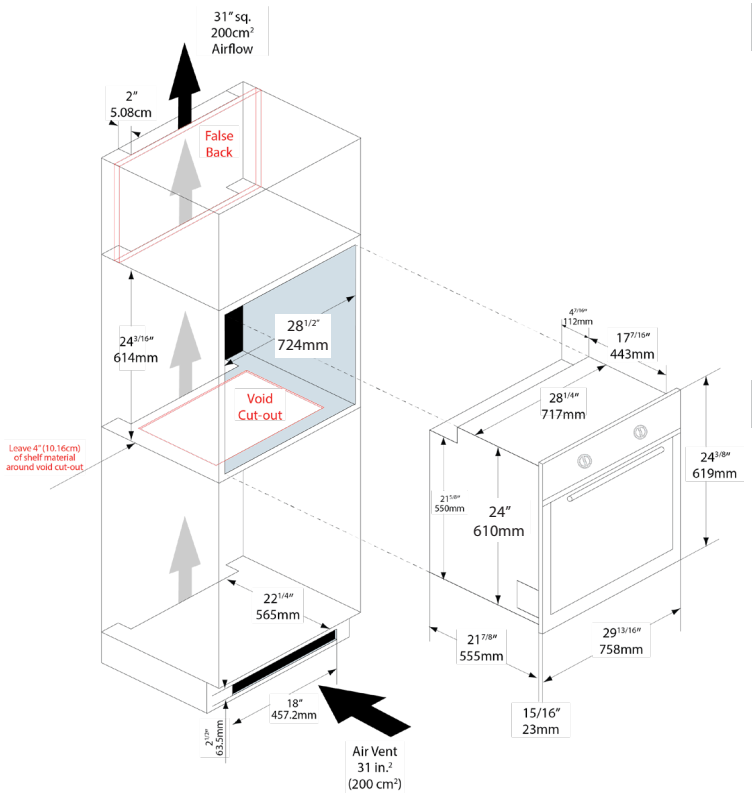
29 13/16" / 24 3/8" / 21 7/8"

758mm / 619mm / 555mm

CUT-OUT DIMENSIONS W / H /D (INCH/MM)

28 1/2" / 24 3/16" / 22 1/4"

724mm / 614mm / 565mm

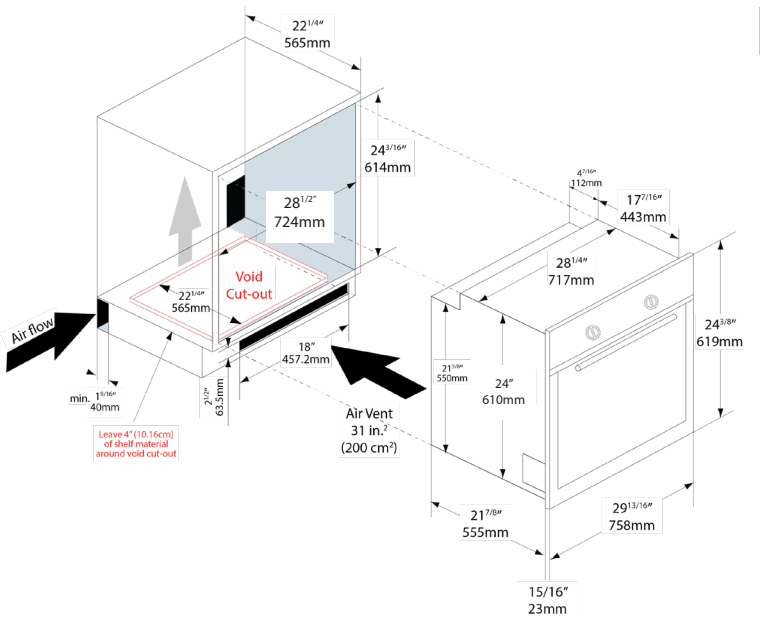


*VOID CUT OUT

- If the oven is mounted in a tall or semi-tall cabinet, there must be a minimum gap of 1 9/16" (4cm) cut out of the shelf and behind the upper cabinet to allow air to flow freely.
- A void must be cut out in the shelf of the cabinet. Leave 4" of shelf material around the void.
- Additional support must be added to the shelf with the void. The support must be able to withstand the oven weight.
- If insufficient airflow is not provided, the life span of the appliance will be shortened.
- Cut out in the toe kick is required for adequate airflow.
- Bottom vent grill (7427640) available

FALSE BACKS

- Install false backs for storage spaces. This will prevent contents from falling through the vent space. In addition, warm air will not interfere with store contents.



RECOMMENDED UNDER COUNTER DIMENSIONS

Airflow Requirements

- If the oven is being placed under the counter, there must be a minimum gap of 1 9/16" (4cm) cut out of the shelf behind the oven to allow air to flow freely.
- A void must be cut out in the shelf of the cabinet. Leave 4" of shelf material around the void.
- Additional support must be added to the shelf with the void. The support must be able to withstand the oven weight.
- If insufficient airflow is provided, the life span of the appliance will be shortened.
- Cut out in the toe kick is required for adequate airflow
- Optional bottom vent grill (7427640) available model.
